**Annual Dinner**  
**Thursday 22 April 2010**  
**With our entertainers for the evening**

**Willie Allan .....**

Willie has been a P.E. teacher since 1984 and is presently Principal Teacher of Physical Education at Buckhaven High School in Fife.

A keen sportsman, Willie spent 13 seasons with Dunfermline Rugby Club. He has also represented The North and Midlands. A committed but totally useless golfer, he is a member of Lundin and Pitfirrane Golf Clubs.

Willie Allan has been on the after dinner circuit since 1992. His ability to adapt his material to any audience has led to many bookings the length and breadth of the United Kingdom and further afield.

He describes his style as "disruption of expectation." and his main influences have been his father and grandfather both coalminers in Midlothian and Fife for over thirty years. His parents were involved in the licence trade for over fifty years. 'The Bruce Tavern' has proved to be a rich source of material.

**John McKelvie .....**

John recently retired from Strathclyde Police service. To keep himself fit, he now jogs five miles each day. This suits his wife perfectly - by the end of the week he is 35 miles away from her.

John has been a regular on the after dinner circuit since 1998 at a variety of venues throughout the UK. His suitability can be relied upon for any audience, mixed or otherwise. He is never blue and has a style which is comfortably anecdotal, incorporating humorous one liners.

John is a master of mischief and character assassination, he is aware that his job is to entertain and not to offend.

As his accolades imply, his true and extremely funny refereeing anecdotes allied to stories gathered from 30 years in Strathclyde Police career, continue to enrich and entertain the after dinner circuit, and will do so for many years to come.

Come along and join in the fun, bring your mates along too..  
The Rotunda Restaurant, Adam Smith College, Glenrothes (Opp Fife Institute)
